

Courage to follow the law of love

We are sear-ching for the courage

in a world of hate and fear,

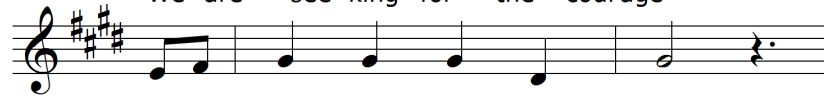

with si - lent words and whis-pers,

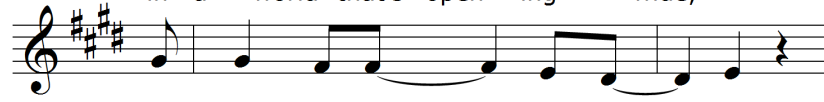

shed - ding lone - ly tears.

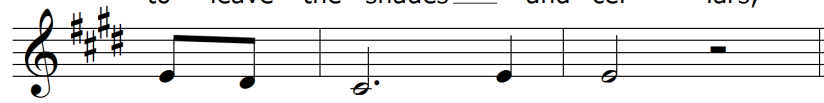

We are see-king for the courage

in a world that's open - ing wide,

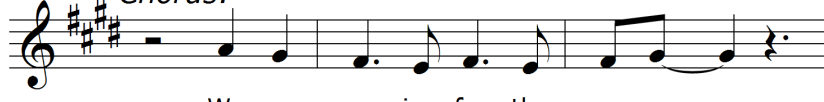

to leave the shades and cel - lars,

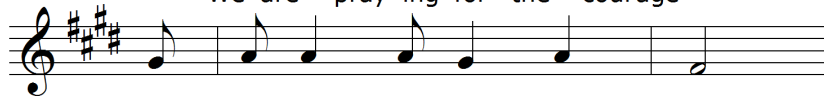

wal - king side by side.

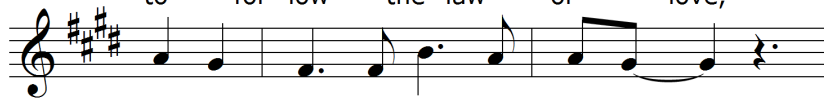

Chorus:

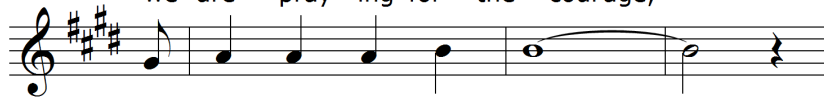

We are pray-ing for the courage

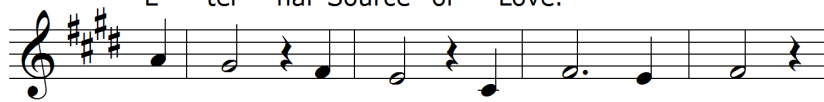

to fol - low the law of love,

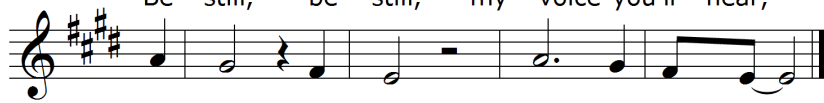

we are pray - ing for the courage,

E - ter - nal Source of Love.

Be still, be still, my voice you'll hear,

be still, be still, God is here.

2.

We are searching for the courage
in a world with forces strong
That walk on frail and weak ones,
singing tuneless song.
We are building up the courage
in a world where last come first,
The heart and soul and justice,
guiding in our thirst.

Chorus

3.

We are searching for the courage
in a world that's past and now,
In a world of hope and failures,
asking: when and how?
We are breathing in the courage
in a world of love and faith.
Your Presence is amidst us,
opening up the gate.

Chorus
